Shawn,

Answers to your questions are as follows:

1. Is it the Pipeline Operators responsibility in conducting the Emergency Flow Restriction Device Studies?
 - Yes, it is the responsibility of the pipeline operator to conduct these studies.
2. Is the Milepost 23.4 Willamette River crossing referenced in the 8.25.2016 referring to the Willamette River Crossing here in Wilsonville? If not what location of the river are we talking about.
 - This Willamette River crossing is in Wilsonville.

Dave

Dave:

Thank you. Can you confirm two items for me today? I want to make sure I am correct.

1. Is it the Pipeline Operators responsibility in conducting the Emergency Flow Restriction Device Studies?
2. Is the Milepost 23.4 Willamette River crossing referenced in the 8.25.2016 referring to the Willamette River Crossing here in Wilsonville? If not what location of the river are we talking about.
